Application Packages

For each Funding Opportunity Announcement posted in Grants.gov APPLY, the agency must attach an "Application Package"
Packages are made up of components, which vary by mechanism.
Some components will always be required as mandatory documents (R).
Other components will be listed as optional (O).

*When both budget components are included in the same "package" one or the other is required, but never both for the same application
***Eventually (with R01 implementation) this componenet will replace R&R Senior/Key Person in app. packages. Must support both until all previously posted FOAs expire.

Note: NIH applications will never include the 424R&R Personal Data Component. Therefore it is not included in the chart above
